**CARLTON ROSE NURSERIES "Better Forcing Roses" CARLTON, OREGON**

*Introducing:*

# HAVANA

P.A.F.

*"As Lively as Its Name Implies"*

*A BEAUTIFUL NEW GREENHOUSE ROSE, to be used for forcing in place of Talisman. This new rose was originated by Arnold-Fisher Co. of Woburn, Mass., and is a cross of Peace and Orange Nassau. They are now growing this rose in place of Talisman and find it much more profitable.*

- FLOWERS** . . . . . resemble Talisman in the bud, changing from sunset gold on the inside of the petal to a most beautiful lively pink when fully open. Stems are strong and foliage luxuriant, making it a far more desirable rose than Talisman for greenhouse use. The perfectly formed, firmly textured blooms have a petal count of 45 and do not bruise in shipping. They make perfect Cut Flower Bouquets, Table Decorations and Sprays.
- PRODUCES** . . . . . beautiful long lasting flowers that open slowly, retaining their perfect form and beauty even when fully open. Blossoms open well in water and stay firm when refrigerated. The plant grows exceptionally fast and blooms freely the year round. In the test bed at Arnold-Fisher Co. it averaged sixty blooms for the year, making it very profitable for greenhouse use.
- SHIPS** . . . . . exceptionally well, and the flowers will stand much handling even when fully open. Flowers shipped from Boston to the National Rose Show at San Francisco this past fall arrived in perfect condition and held well for three days during the display.
- PROFITABLE** . . . . . HAVANA has one of the highest producing records of any commercial greenhouse rose used for the fancy cut flower trade. Try HAVANA in your range and see how this "Bread and Butter Rose" will make your profits climb.

CARLTON DORMANT AND STARTED BUDS — GROWN IN SILT LOAM

# CONTRACT

## *Your Dormant and Started Eye Buds*

NOW  
for 1952 and 1953

## **FINEST QUALITY AT A REAL SAVING**

CARLTON DORMANT AND STARTED BUDS ARE GROWN EXCLUSIVELY FOR THE GREENHOUSE FORCING TRADE. OUR PLANTS ARE EXCEPTIONALLY STRONG, VIGOROUS PLANTS THAT BREAK AND GROW FAST IN YOUR BENCHES. Our rich River Bottom Silt Loam produces an excellent fibrous root system required for benching or pot grown rose plants. Plants from this soil carry all the natural organic minerals required for the strong surge of energy so necessary for fast growing and fast-breaking greenhouse plants. OUR NORTHERN GROWN STOCK is fully matured and perfectly dormant when shipped and will save any rose grower both time and much oil or coal required for heating. We start our shipping in early November and through the winter to May, or June.

WE ARE ACCEPTING BUD ORDERS NOW FOR ALL THE FOLLOWING VARIETIES, or you may select CLEAN BUD WOOD from your own rose plants and ship them to us during May, June, or July. Most all of our plants are grown in advance on order for our customers. LET US GROW A PART OR ALL OF YOUR REQUIREMENTS FOR 1952-1953 with FINEST QUALITY AT A REAL SAVING TO YOU. CONTRACT ORDERS AFTER JULY 15th will not come under the early contract price.

### **WRITE, WIRE OR PHONE YOUR BUD ORDER TODAY**

**Let us set the Manetti aside for you now and you send your list of varieties wanted now or before June 1st.**
